Tell your member of Congress to protect our pensions
July 22, 2019 | We need your help! The Teamsters Union supports the passage of the Rehabilitation of Multiemployer Pensions Act (H.R. 397), which is headed to the full House of Representatives for debate and vote on the floor THIS WEEK! This bill is vital to protecting the pensions of hundreds of thousands of active Teamsters members and retirees across the country. This is the only legislation that would fully protect their hard-earned pension. Congress must act now to help millions of Americans facing an uncertain future as their retirement security is threatened through no fault of their own. PLEASE CALL 888-979-9806 NOW to let your own representatives in Congress know that any legislative solution must keep pensions whole for both active and retired workers. The time is now! (Note: The Warehouse Employees Local 570 Pension Fund is not affected by the multi-employer pension fund crisis but please support the Union and make the call.)
